

Childhood Studies welcome package

Dear Students:

On behalf of the Childhood Studies Department, I would like to take this opportunity to extend our warmest welcome to you. By enrolling in our program, you have made a commitment to students, their families, the larger community and to yourself.

The students in your practicum settings will benefit from who you are and what you will learn during our engaged classes. Furthermore, you will enrich your life and the lives of students through what you discover and share as we progress through this academic and practical experience together.

Each year, the Childhood Studies Department builds on what we learn from our students and community professionals. We constantly apply new methods to improve our ability to meet your needs as students, through evaluating best practices and delivering college courses with the realities of working with groups of students in childcare, community, and school settings. Therefore, providing interactions and engagement through online and blended learning will provide you with the opportunity for an inclusive learning skillset within a safe and welcoming environment.

Your initial step when you join the Childhood Studies family is to complete **Standard Child Care First Aid**. This course is required for students enrolled in practicum and working in childcare centers, preschools, and school environments. Child Care First Aid must be completed before students begin their practicum experience. During the Orientation as well as initial week at Keyano College, the Childhood Studies faculty will give instructions on the Childhood Studies Student Information Page on Moodle on how to register and pay for this required course. For easy reference, please review the attached link [Aurora Training Corp. - First Aid/CPR/AED/BLS Training and Supplies \(aurora-training-corp.myshopify.com\)](https://www.aurora-training-corp.myshopify.com). There are two dates available for Keyano students to complete the Standard First Aid Training – August 31-Sept 1 or Sept 7-8, 23.

When enrolled in the Childhood Studies practicum course, a **Criminal Reference Check with Vulnerable Sector** dated no earlier than 3 months prior to the start of your program must be submitted to the Health and Human Services Main office. Also required is the completion of signed practicum policies forms that will be available to students during orientation on August 28 – 29th, 2023 as well as during the first week of class.

Additionally, a current Child Intervention Check is also a requirement.

Please email the attached email to obtain the form need for the intervention check- CS-IRCrequest@gov.ab.ca.

For any further information please see the [Government of Alberta website](https://www.alberta.ca)

Once received, please submit the completed check to the Health and Human Services office.

The Childhood Studies Department look forward to meeting and supporting you while working and learning with students.

Practicum Policy

Practicum is essential for students to practice skills and theories learned in classroom settings. A practicum coach will observe the student's engagement, and the practicum coach will provide feedback on the student's best practices. Although the coach shares observations with the College Consultant, the College Consultant is responsible for the evaluation of best practices. To determine best practices, the College Consultants will visit a practicum location a minimum of twice per semester.

Students are required to make up any hours missed due to illness or other circumstances. If Keyano College is closed (i.e. a reading week), students are not required to attend practicum. If the school/centre is closed for unseen reasons, then students are not required to make up missed time, the remainder of the course would substantially move to remote learning.

Practicum students are permitted to engage in a paid or working practicum, however, it is suggested that students consider carefully how they will balance the demands of coursework and employment.

Students are expected to notify their practicum location and College Consultant of any absences before the start time in the morning.

In accordance with the Keyano College policy, Practicum courses EA 110/210, ELCC 110/210, and ELCC diploma 334/344 are **PASS/FAIL**.

Students who do not complete all the required work should not expect to pass.

Practicum Seminar Policy

Practicum Seminar is a vital component of student learning. **Attendance of less than 80% without confirmation of extenuating circumstances and arrangements to address missed practicum content alternately will result in a failing grade.** Students are expected to arrive in class or online with a practicum booklet and be ready to share and support the other students.

Students are not to discuss the names of children or staff in the practicum seminar. Students will hand in their practicum booklets on the assigned dates for the College Consultant to review.

Important - Please note: A complete practicum booklet is necessary to achieve a passing grade. An incomplete practicum booklet will result in failing practicum and thus a failing grade in practicum seminar EA125/225, ELCC 125/225, and ELCC 335/345.

In accordance with the Keyano College policy, Practicum courses are PASS/FAIL.

Students who do not complete all the required work should not expect to pass the course.

In signing this document, I agree with following the Keyano College Practicum and Practicum Seminar policy for EA/ELCC 110/210, Practicum Seminars EA/ELCC 125/225 and Practicum ELCC 334/344, and Practicum Seminar 335/345

I _____ have read and understand the above practicum policy outlined by Keyano College. **In signing this document, I agree to follow the above Keyano College policies for Practicum and Practicum Seminar.**

Assignment and Grade Expectations

Course assignments have set due dates to manage both instructor and student workloads. Change to due dates may occur to adjust the overall student workload based on class consensus.

The Department performance requirements regarding student evaluation state that:

- Attendance and participation are part of the course grade. **80% attendance**, when required by the instructors, are necessary to achieve a progression grade in ELCC and EA courses.
 - A grade of B on an assignment recognizes that the student has met the requirements and comprehends the applicable content thoroughly enough to be able to apply it
 - A grade of less than B brings attention to the student that there are gaps in comprehending the content and skill required for that assignment. Students should use the criteria for assignments to guide assigned work.
 - A grade of B+ or higher acknowledges excellence in quality and quantity of work. The students' assignment is above the requirements.
- Learners are expected to submit assignments and complete discussions within the time frame specified by the instructor. All assignments are to be submitted in class or online on their respective due dates. If a student is absent from class, the assignment is late.
- Individual extensions require students to contact and ask permission from the instructor before the assignment due date.
- For assignments that are late without written permission:
 - A grade of 1% deduction will occur from assignments each day, including weekends. The 1% deduction applies until the instructor receives the assignment.
 - No assignments will be accepted one week past the due date. In the case where the extension was not granted and assignments are not completed within one week past the due date, these will be assigned a grade of F.
- **During an online class, no assignments will be accepted on or after the beginning of class on the final date of the course.**
- After 3 missed assignments, and/or 20% of missed course expectation, an Academic Success Plan will be created and a meeting with the Learner will be scheduled by Instructors and Chairperson.

I, _____ have read and understand the above policy outlined by Keyano College. **In signing this document, I agree to follow the Keyano College Assignment and Grade Expectation policy**

Practicum Placement Safety Policy

The Keyano College Childhood Studies Department thrives on providing students with high-quality teaching and learning that correlates with the Comprehensive Institutional Plan of Keyano College, which is to enhance the student's experiences. This goal is also in alignment with the Childhood Studies Department who provides academic programs and practicum work experiences for students to conceptualize the educational learning experiences.

Students Duty: If you are, a student enrolled in the Childhood Studies program at Keyano College, in either EA or ELCC, the Childhood Studies Department needs to provide the EA/ELCC students with working experiences in best practices with children in Childcare facilities and the Fort McMurray School Districts. The Childhood Studies Department works to provide a safe and welcoming environment for students at their practicum locations. During your practicum experience, you may encounter working with children within the school districts that may have challenging behaviours such as but not limited to hitting, biting kicking, and aggressive verbal language. It is crucial for you as the practicum student to ask if there are any challenging student behaviours in the classroom. Also, it is essential that as you are the practicum student working at the childcare centre or school location that you inform the college consultant of any challenging behaviours before you start working in the classroom setting, and if your safety is at risk.

Student Expectations: When a student in the classroom identifies as behavioural, as a practicum student you must notify the teacher assigned in the classroom that you are not to be left alone or work one to one with the student. You are to inform the teacher that you are a practicum student in training, and you are not equipped with the necessary skills to work with challenging behaviours. Your current role as a student in the classroom setting is to observe and learn the roles and responsibilities. When asked to work with a behavioural student, you need to contact your college consultant as soon as possible. You have a right to say NO if you at any time feel unsafe, and your safety is at risk. The role of the Childhood Studies Department is to support your working practicum experiences. As a student at Keyano College, you MUST keep your college consultant abreast of concerns that may be experiencing at your location. This letter confirms that the student enrolled in the practicum at Keyano College has read the above and will abide by the student's duty and student expectations of the Childhood Studies Department.

I _____ acknowledge and understand my duty and expectations as a Keyano College student enrolled in the Childhood Studies practicum at Keyano College. I _____ will notify the teacher at my assigned location and the College Consultant if at any time I feel unsafe, and my safety is at risk at the assigned practicum location.
