## 2. Developmental Portfolio

An organized, well documented portfolio must be prepared using one child through the course of the semester. The student will choose a child with support from the teacher and CST/LAC. Then, permission will be requested from the parent. Two examples of development will be documented in each of the core areas of development: Social, Physical, Intellectual, Creative & Emotional. We will discuss this process and the collection of materials many times during our practicum seminar. The student will use their practicum time to collect the information. It will be compiled and presented in a thoughtful, attractive document for the end of the semester and will be provided as a gift to the child and the parent(s)/ guardian. The document will be a comprehensive representation of the active learning that the student has accomplished through the semester.
