Course Description:

Students have an opportunity to put theory into practice by working with children in the Keyano Play Program as well as community settings including daycare, preschool and kindergarten classes. Students must provide their own transportation to assigned Practicum, keep time sheets, and daily record of
progression in the Practicum booklet. Practicum may be repeated or extended when deemed necessary by the ELCC department.

3 credit, 45 weeks, 120 hours

Pre-requisite or co-requisite for this course: ELCC 125 and 3 first year courses including ELCC 104.

Required Resources:
Practicum Booklet (REPROPACK)

Course Outcomes:
At the completion of the course, students will be able to:

• Implement necessary work habits to be successful in the community setting environment.

• Demonstrate professionalism by: maintaining confidentiality, inquiring about the program and program policies, communicating in an effective manner, participating as a team member and using feedback for improving practice.

• Take progressively more initiative for staff responsibilities and routines, contributing ideas/resources and planning for children's learning experiences.

• Apply Health and Safety understandings and practices personally and through the daily supervision of children.

• Demonstrate a willingness to listen and speak to children as an interested partner in communication.

• Use a problem-solving guidance approach as discussed in ELCC 104.

• Observe, support and record children's progress through the creating of materials and learning resources.

• Observe and work within the developmental abilities of individual children.
Evaluation:
In accordance with Keyano College policy, Practicum courses are a PASS/FAIL course. A student must succeed in both Practicum I (ELCC 110) and Practicum Seminar I (ELCC 125) in order to receive a passing grade in both.

Skills and responsibilities increase in complexity throughout the practicum. Discussions between student, practicum coach, and College Consultant will allow the student to set goals for continuing development. Each student will keep track of her/his progress in a practicum skills booklet and demonstrate understanding by keeping quality, dated records in the practicum booklet. College Consultants will review booklets regularly. Practicum coaches will be asked to provide feedback.
