Performance Requirements:

Course assignments have set due dates to manage both instructor and student workloads. Changes to due dates may occur to adjust overall student workload based on class consensus. The Department policy (revised 2005) regarding student evaluation states that:

- Assignments are to be submitted in class on their respective due dates. If a student is absent from class, the assignment will be considered late.

- Individual extensions require students to contact and ask permission from the instructor prior to the assignment due date. In addition, a signed request for extension, including the extenuating circumstances must be submitted at that time or as soon as possible.

- For assignments that are late without written permission:
  - a grade will be deducted for assignments up to 3 days late. e.g. a B assignment will become a B-
• an additional grade will be deducted for assignments that are 4 – 7 days late; ie: An assignment with a grade of B now becomes a C+
• no assignments will be accepted after 1 week past the due date.

• **No assignments will be accepted after the beginning of the class on final date of the course. The final due date for this course is April 11, 2014**

• Since final exams are not a component of ELCC or EA courses and because learning is participatory, attendance and participation are part of the course grade. **80% attendance and word-processed assignments when required by the instructor, are necessary to achieve a final grade of B or higher in ELCC and EA courses.**

• A grade of B on an assignment recognizes that the student has met the basic requirements and knows the applicable content thoroughly enough to be able to apply it. A grade of less than B brings attention to the student that there are gaps in understanding the content and skills required for that assignment. Students should use the criteria for assignments to guide assignment work.

• A grade of B+ or higher acknowledges excellence in quality and quantity of work. The student’s assignment is above the basic requirements.

**NOTE!!** If class is cancelled, for whatever reason, any assignments will be due and submitted at the **BEGINNING** of the following class.

**Evaluation:**
Details and criteria sheet will be available in class. Grades for this course shall be determined as follows:

40% - **Does your team work?** Setting a goal with practicum/work teammates, implementing the goal, and presenting your progress to classmates. **Due: April 4th**

40% - **Caring for the Caregiver:** Setting and working toward an individual goal for self-improvement and well-being, and documenting your progress. **Due: April 11th**

20% - **Ethical Case Study:** in class, in pairs. **Due: March 7th**

**Plagiarism and Cheating:**
Every student expects to be treated and evaluated fairly in a course. Plagiarism and cheating robs everyone of this right.
No student may submit words, ideas or data of another student or person as his or her own in any writing, project, assignment, quiz, electronic presentation, exam etc. Any work used that is not the student's own must be clearly cited as belonging to someone else. There are penalties for using other's work and not citing it. The Student's Rights & Responsibilities document clearly outlines these penalties and the appeal process.

- No learner can obtain information from another student during an exam.
- No learner can bring unauthorized information (paper or electronic) into an exam or quiz.
- No student can submit work done in another course for grading in this course without the written prior approval of the course instructor.
- No student can submit copyright protected or commercially produced materials as part or all of an assignment without proper citation & permission.
