Performance Requirements

1. **Student Attendance**
   Class attendance is useful for two reasons. First, class attendance maximizes a students’ learning experience. Second, attending class is a good way to keep informed of matters relating the administration of the course (e.g., the timing of assignments and exams). Ultimately, you are responsible for your own learning and performance in this course. Please refer to page 32 of the Credit Calendar.

   It is the responsibility of each student to be prepared for all classes. Students who miss classes are responsible for the material covered in those classes and for ensuring that they are prepared for the next class, including the completion of any assignments and / or notes that may be due.

2. **Academic Misconduct (page 32 of the Credit Calendar)**
   Students are considered to be responsible adults and should adhere to principles of intellectual integrity. Intellectual dishonesty may take many forms, such as:
   - Plagiarism or the submission of another person’s work as one’s own
   - The use of unauthorized aids in assignments or examinations (cheating)
   - Collusion or the unauthorized collaboration with others in preparing work
   - The deliberate misrepresentation of qualifications
   - The willful distortion of results or data
   - Substitution in an examination by another person

   Penalties for academic offences may range from a verbal reprimand to dismissal from the College, and in certain circumstances may involve legal action.
3. **Accommodation for Students with Disabilities**

The College will provide reasonable accommodation to students with disabilities in order to promote academic success. If you require accommodation, contact the Learner Assistance Program Office at 792-5608 to initiate the process for documenting, assessing and implementing your individual accommodation needs. In addition, tutoring services are available at the SKILL Centre (Room 119).

**Due Dates**

Late assignments will be penalized 10% per day. No late assignments will be accepted once the instructor has marked and returned the assignment in question (unless there are extenuating circumstances such as illness or death in the family).

**Assignments**

All assignments must be submitted in hard copy and retained in electronic format in students’ files. I highly recommend that students purchase a flash drive in order to store course assignments in easily accessible format. Participation on Moodle is a required component of the course. Please pay careful attention to the information on Academic Misconduct and Discipline for behavior such as cheating and plagiarism. The penalty for such behaviour is a zero on the assignment and no opportunity to resubmit the assignment.

**Teaching and Learning Methodologies**

A wide variety of teaching and learning methodologies are used to appeal to a broad range of learning styles such as Visual, Auditory, Read/Write, Kinesthetic/Tactile, and Multimodal learners. Lectures, PowerPoints, videos, research and writing projects, team activities, student presentations, social media explorations, career fairs, and field trips are all used in the class.
