Course Outcomes

Upon successful completion of the course, students will be able to:

1. Differentiate between the main ethical theories.
2. Apply ethical theories to contemporary ethical issues.
3. Demonstrate the ability to write an argumentative term paper which includes scholarly academic research and properly adopts APA or MLA referencing.

Evaluation

Students will be evaluated based on the completion of four assignments. These assignments include: a mid-term exam, term paper, a final exam and on-line discussion topics. Below is a brief description of each assignment, as well as relevant due dates. More detailed descriptions of each assignment will occur as we approach these assignments throughout the term.

On-line Discussions	TBA	15%
First Exam	8 February	25%
Term Paper	23 March	25%
Final Exam	TBA	35%
Total		100%

A grade of C- is required for progression or transfer.

On-line Discussions

At five points throughout the term I will post discussion topics for students to comment on. The total value of the assignment is 15%, and therefore 3% for every post. Responses are assessed based on accuracy of explanation, clarity of presentation and quality of critical reflections. Topics will be assigned after the Thursday class and must be submitted by midnight the following Monday. Late submissions will not be accepted.

First Exam

The first exam will include multiple choice questions, short-answer questions and an essay question. The essay question will be provided before the exam, and it will follow the same format as the term paper. Students will be given a specific outline of the exam, including mark distribution, before the exam occurs. The value of this exam is 25% of the total grade.

Term Paper

The term paper should be between 8-10 pages (or 2400-3000 words), contain two references from the course package and one external source. The external source must be an academically respectable source. A topics list will be provided for the term paper. Students must pick their term paper topic from this topic list or otherwise suffer a significant penalty. A basic format for the term paper, that also indicates the method evaluation, will be provided early in the term. The value of the term paper is 25% of the total grade.

Final Exam

The final exam will cover material considered after the first exam. This exam will include short answer questions and likely two essay questions. More details will be offered concerning this exam as it approaches. The value of the final exam is 35% of the total grade.

Performance Requirements

A late penalty of 3 marks per day, on a scale of 100, will apply to all late assignments, but will be waived for legitimate reasons if supporting documentation is provided. If an assignment is late, and not handed-in during class time, arrangements must be made with the instructor to hand-in the assignment. Note that late penalties do not apply to on-line discussions, as they cannot be submitted late. No term papers are accepted after the last day of classes. Should an assignment go missing, and the student is unable to produce another copy, the assignment will be considered not submitted. Likewise, if a grade is not recorded for an assignment the onus is on the student to demonstrate that the assignment was completed and graded. No changes can be made to the class schedule, but exceptions can be made for legitimate reasons, such as an illness, if supporting documentation is provided.

Student Attendance

Class attendance is useful for two reasons. First, class attendance maximizes a students' learning experience. Second, attending class is a good way to keep informed of matters relating the administration of the course (e.g., the timing of assignments and exams). Ultimately, you are responsible for your own learning and performance in this course.

It is the responsibility of each student to be prepared for all classes. Students who miss classes are responsible for the material covered in those classes and for ensuring that they are prepared for the next class, including the completion of any assignments and / or notes that may be due.

Academic Misconduct

Students are considered to be responsible adults and should adhere to principles of intellectual integrity. Intellectual dishonesty may take many forms, such as:

- Plagiarism or the submission of another person's work as one's own
- The use of unauthorized aids in assignments or examinations (cheating)
- Collusion or the unauthorized collaboration with others in preparing work
- The deliberate misrepresentation of qualifications
- The willful distortion of results or data
- Substitution in an examination by another person
- Handing in the same unchanged work as submitted for another assignment
- Breach of confidentiality.

The consequences for academic misconduct range from a verbal reprimand to expulsion from the College. More specific descriptions and details are found in the Student Rights and Student Code of Conduct section of the Keyano College 2015-2016 credit calendar. It is the responsibility of each student to be aware of the guidelines outlined in the Student Rights and Student Code of Conduct Policies.

In order to ensure your understanding of the concept of plagiarism, you must successfully complete the online tutorial found on ilearn.keyano.ca. Then print the certificate, sign it, and show it to each of your instructors. Your course work will not be graded until you show this signed certificate.
