COMMUNITY NURSING 
COURSE OUTLINE

CALENDAR STATEMENT

NURSING FOUNDATIONS VI: * Semester 4

This Nursing Foundations VI course offers development of competency in providing care to meet the unique needs of families and communities, and the ability to function within the community health team.

Pre-requisites: Nursing Foundations III, IV, V; Nursing Practice II

COURSE HOURS

TOTAL HOURS: 45  LECTURE: 45  CREDITS: 3

COURSE DESCRIPTION

This nursing course provides the learner with theories of family and community to acquire the knowledge and skill required to promote the health and well-being of populations within the community. The course emphasizes the importance of collaboration between the interdisciplinary health-care team, families, and communities to achieve safe, evidence-informed community nursing practice. The learner will build upon previous nursing knowledge and related theory in adapting the nursing approach to the care and health promotion of the family and community using the nursing metaparadigm and nursing process. Trends and issues in the care of families and communities will also be explored.

TUTOR INFORMATION

Instructor: Doris Roth RN, BScN, MN
Phone (Office): 791 8919
E-mail: doris.roth@keyano.ca
Office Hours: Fridays from 0900-1100 or as scheduled in timetable
General Learning Outcomes

Upon successful completion of this course, the learner will meet the following outcomes:

1. Describe the role of the practical nurse as part of the interdisciplinary health-care team in the community.
2. Integrate the nursing metaparadigm, nursing theory, and related knowledge into community nursing.
3. Explain the concepts of health promotion and population health as related to community nursing.
4. Maintain and promote safety of clients within the community.
5. Apply the nursing process to the community as client.
6. Integrate concepts of nurse/client synergy to community nursing care and health promotion.
7. Determine appropriate communication techniques to establish a therapeutic nurse/client relationship with community as client.
8. Apply principles of teaching and learning related to the community as client.
9. Identify the legal and ethical principles in the care of the community as client.
10. Incorporate the concept of cultural competence in the community setting.
11. Apply knowledge of documenting, reporting, and recording of pertinent client information to community nursing.
12. Integrate professionalism and leadership to the community as client.
13. Incorporate research findings in evidence-informed practice in the delivery of community nursing care.

Instructional Methods

- This course uses a variety of teaching/learning methods including: case studies, reflective questions, discussions, personal discovery, interactive online learning activities, multiple-choice assessments, and critical thinking exercises. These course activities provide the opportunity for learners to learn with and from others who are undergoing a similar learning experience.
- The course emphasizes pre-class preparation, participation in interactive classes, and post-class reflection and review. The learner is expected to take an active part in class discussions and take responsibility for his/her own learning. The instructor’s role is to facilitate learning.
PRACTICAL NURSING PROGRAM POLICIES

Please refer to Keyano College Practical Nurse Handbook for specific Practical Nursing Program policies and to Keyano College Calendar for general College policies.

LATE POLICY FOR ASSIGNMENTS

LATE ASSIGNMENTS:
Assignments not submitted on the day and time specified will incur a 5% deduction per day including weekends. This will be applied each day until the assignment is received by the instructor. Students can submit assignments by e-mail on weekends, but must provide a paper copy on the first day following the weekend.

SPECIALIZED SUPPORTS & DUTY TO ACCOMMODATE

DISABILITY SUPPORT SERVICES: LEARNER ASSISTANCE PROGRAM

If you have a documented disability or you think that you would benefit from some assistance from a Disabilities Counselor, please call or visit the Disability Supports Office 780-792-5608 to book an appointment (across from the library). Services and accommodations are intended to assist you in your program of study, while maintaining the academic standards of Keyano College. We can be of assistance to you in disclosing your disability to your instructor, providing accommodations, and supporting your overall success at Keyano College.

SPECIALIZED SUPPORTS AND DUTY TO ACCOMMODATE

Specialized Support and Duty to Accommodate are aligned with the office of Disability Support Services: Learner Assistance Program (LAP) guided by federal and provincial human rights legislation and defined by a number of Keyano College policies. Keyano College is obligated by legislation to provide disability-related accommodations to students with identified disabilities to the point of undue hardship.
Students will work through 8 Units in the classroom. Units to be covered in Nursing Foundations VI: Community Nursing are as follows:

### Course Units

This course consists of the following units:

- **Unit 1**: Foundations of Community Health
- **Unit 2**: Community Health Nursing Roles
- **Unit 3**: Health Promotion and Diversity
- **Unit 4**: Community as Client
- **Unit 5**: Working with Vulnerable Populations
- **Unit 6**: Family as Client
- **Unit 7**: Communicable Disease Control
- **Unit 8**: Environmental Health and Disaster Management
The following CLPNA competencies are learned during the Nursing Foundations V course:

- A: Nursing Knowledge
- B: Nursing Process
- C: Safety
- D: Communication and Interpersonal Skills
- E: Nursing Practice
- Q: Rehabilitation Nursing
- R: Community Health
- S: Clinic Based Nursing
- T: Occupational Health and Safety
- W: Professionalism
- X: Licensed Practical Nurse Role

All students must practice in a manner that is consistent with:

Refer to [www.clpna.com](http://www.clpna.com) for references

OVERVIEW OF COURSE ASSESSMENT

Assessments

To receive credit in Nursing Foundations VI: Community Nursing, the learner must complete all course requirements, which include all assignments and exams.

Course credit will not be given if only parts of the course have been completed.

PASSING LEVEL AND GRADING SCALE

This is a theory course. Students must complete all assignments and examinations to receive a final grade. Students will not be allowed to rewrite assignments or exams to raise their grade.

To receive credit for Nursing Foundations V, a learner must achieve each of the following:

- A minimum overall grade of 1.7 (C–) or 60%

Refer to the Practical Nurse Program Handbook for information regarding grading scale, extensions, and other program standard practices.

Important Additional Information

Note to all Learners: It is the learner’s responsibility to retain course outlines for possible future use in support of applications for transfer credit to other educational institutions.
COURSE ASSESSMENT

Assessment of mastery of the content of Nursing Foundations VI: Community Nursing will be determined through the learner meeting expectations for the following:

- Development of a Health Promotion/Injury Prevention Teaching Resource and Analysis paper
- Building your professional portfolio
- Midterm exam
- Final cumulative exam

Assignment 1: Health Promotion/Injury Prevention Teaching Resource and Analysis Paper

The learner will complete this assignment at a time determined by the instructor/tutor. To complete this assignment, you will develop a teaching resource focusing on either health promotion or injury prevention in the community. You will then write a scholarly paper analyzing the teaching resource. This assignment contributes 25% towards the course grade.

Assignment 2: Competency Profile

You are expected to maintain and enhance the Professional Portfolio begun in Nursing Foundations I during each Nursing Foundations course. At the end of each Nursing Foundations course you will submit evidence of having maintained and enhanced your Professional Portfolio to your instructor/tutor. This assignment contributes 10% towards the course grade.

Midterm Exam

This exam contributes 25% toward the course grade. It covers course information from Unit 1 through Unit 4 inclusive.

Final Exam

This exam contributes 40% toward the theory course grade. It covers all course information from Unit 1 through Unit 8.
ASSIGNMENT 1: HEALTH PROMOTION/INJURY PREVENTION TEACHING RESOURCE AND ANALYSIS PAPER

In this assignment, you will have the opportunity to do each of the following:

- Create a health promotion or injury prevention resource addressing an issue in your community.
- Complete an analysis paper of the teaching resource.

Through this assignment, you will create a health promotion or injury prevention resource addressing a health issue in your community using a method of your choice (e.g., pamphlet/brochure, PowerPoint presentation, poster presentation, radio/TV commercial or webpage). The resources need to be appropriate as a teaching resource for your target audience.

*See Appendix A for Marking Guide

**Instructions**

1. Choose a group/population in your community and assess the client for health promotion/injury prevention health education needs.

2. Choose a health issue to target for this audience and describe why this is an issue for this group.

3. Use research for evidence-informed practice as part of the assessment and health promotion/injury prevention strategies pertinent to the target audience. Develop a teaching strategy based on assessment and “at risk” health behaviour. Apply teaching and learning principles in the learning resource.

4. Describe how to evaluate the members of the target audience to identify whether strategies were successful. Choose three questions the target audience will answer to evaluate your teaching resource.

5. Develop resource:
   - Use method of your choice (e.g. pamphlet/brochure, PowerPoint presentation, poster presentation, radio/TV commercial or webpage).
   - Alternate ideas for resources must be preapproved by your instructor.
   - Assure the resource is appropriate to reach the learning needs of the target audience based on your assessment. Include a smart goal for your target audience.

6. Complete an analysis paper including the following:
   - The paper should be 2–3 pages in length minimum. It must be typewritten (word-processed) and follow APA 6th edition format.
   - Include a title page.
   - Headings – Research, Teaching Resource and Evaluation
• A brief description of the target audience, background information, current prevalence of the issue, magnitude of the problem, and factors influencing the problem
• Identification of three “at-risk behaviours” or factors
• A brief description of your learning/teaching strategy
• Discussion on the development of your teaching method and tool based on assessment and “at-risk” health behaviour
• Description of the resource developed
• Your plan for evaluation of the resource (questions for participants to answer – minimum three) and a self-evaluation (one strength and one suggestion for improvement identified)
• An APA-format reference list. Include three (3) references, with one being a current nursing journal.

Submit the marking guide with your assignment.

**GRAND TOTAL (ALL MARKING GUIDES)** /50

Submit this marking guide with your assignment.
ASSIGNMENT 2: COMPETENCY PROFILE

DUE Date: December 1, 2014.

You are required to maintain and enhance your Professional Portfolio begun in Nursing Foundations I during each Nursing Foundations course.

The purpose of a cumulative Professional Portfolio is to develop documentation you can use to secure employment in a health-care setting as a practical nurse graduate.

- At the end of each Nursing Foundations course you will submit to your instructor/tutor evidence of having maintained and enhanced your Professional Portfolio.
- Submission may be electronically through websites available in the College or in hard copy using the “Report on Progress of Professional Portfolio” form below.
- Do not submit the entire Professional Portfolio unless requested to do so by your instructor/tutor.
- The report does not replace work on the Professional Portfolio but is an indication that you met expectations.
- This assignment contributes 10% to your total course grade.
- See Appendix C for grading

Categories to continue to build as applicable to the learning of each Nursing Foundations course are:

A. Personal:
   - Personal goals
   - Personal interests
   - Education
   - Experiences
   - Achievements

B. Professional:
   - Philosophy of practical nursing
   - Resume and cover letter
   - Appraisals and evaluations
   - Reflective practice
   - Leadership
   - Scholarly papers
   - Nursing care plans
   - Client teaching plans
Continuing Competency Achievement

Continuing competency achievement is an essential aspect of the professional portfolio. Review the competencies from the Course Outline or from the Competency Profile on the CLPNA website at www.clpna.com that apply to this course. Choose the most significant competency you learned in this course. Reflect on the following questions: Using the” Proficiency Categories” below, how would you rate your proficiency in this competency? What did you do to achieve this competency? Why is this competency meaningful or significant? How will you use this learning in your nursing practice?

**PROFICIENCY CATEGORIES**

**Excellent:** integrates competency theory with other knowledge, skills, and attitudes so that it becomes seamless/automatic as part of everyday nursing practice

**Good:** understands competency in theory and in scenarios and nursing practice

**Fair:** understands the competency in theory; unable to apply it to scenarios or nursing practice

**Poor:** does not understand content related to the competency

---

*You will be expected to finalize your Professional Portfolio and to create a Continuing Competency Program Learning Plan/Binder upon completion of Nursing Foundations VIII.*
