Expectations of Students Writing On-Line Exams

1. Exams will be written in a computer lab at the college. The course instructor will provide information related to where the student is to write the quiz.
2. These are **not** open book exams. The quiz is to have been studied for prior to the quiz or exam date and is to be completed independently: that is by oneself, not in collaboration with or in the company of another person or persons. No photos of quiz questions are to be taken via phones.

6. No grades will be released until the instructor has had time to review the quiz/exam stats. Once the review has been done, the marks will be released. Review of the quiz/exam questions in class will be done at the instructor's discretion.
7. If any problem arises during the taking of the quiz/exam, the student is to notify the instructor immediately at the time of the issue.
8. It is the responsibility of each student to be familiar with the contents of the Student Code of Conduct. It is mandatory that all students sign a form identifying they have read/or are familiar with the Student Code of Conduct.
