## **Performance Requirements**

## Student Responsibilities

It is your responsibility as a student to contact the Office of the Registrar to complete the forms for Withdrawal or Change of Registration, and any other forms. Please refer to the list of important dates as noted in the Academic Schedule in the Keyano College credit calendar.

More specific details are found in the Student Rights and Student Code of Conduct section of the Keyano College credit calendar. It is the responsibility of each student to be aware of the guidelines outlined in the Student Rights and Student Code of Conduct Policies.

## **Student Attendance**

Class attendance is useful for two reasons. First, class attendance maximizes a student's learning experience. Second, attending class is a good way to keep informed of matters relating to the administration of the course (e.g., the timing of assignments and exams). Ultimately, you are responsible for your own learning and performance in this course.

It is the responsibility of each student to be prepared for all classes. Students who miss classes are responsible for the material covered in those classes and for ensuring that they are prepared for the next class, including the completion of any assignments and / or notes that may be due (see item 4.d., above, in Course Policies and Procedures).

#### Academic Misconduct

Students are considered to be responsible adults and should adhere to principles of intellectual integrity. Intellectual dishonesty may take many forms, such as:

- Plagiarism: to present another person's ideas, writing, artistic work, drawings, images, data, etcetera, as one's own (zero tolerance for plagiarism)
- Presenting another person's substantial writing changes/edits to an assignment/essay on a handed-in assignment that you claim to have written (plagiarism)
- The use of unauthorized aids in assignments or examinations (cheating)
- Collusion or the unauthorized collaboration (working together) with others in preparing work and then handing in the assignment/essay as if it was your own (plagiarism)
- The deliberate misrepresentation of qualifications
- The willful distortion of results or data
- Substitution in an examination by another person

- Handing in the same unchanged work as submitted for another assignment or class (plagiarism)
- Breach of confidentiality
- Copying/cutting and pasting, paraphrasing or summarizing another person's work (including information found on the Internet and unpublished materials) without proper referencing (plagiarism). Proper referencing must include providing proper citations (see MLA or APA reference manual/resources available from the College Library or in the required texts for the course) Proper paraphrasing and summarizing of another person's work along with providing a citation for your source is a key part of avoiding plagiarism.

The consequences for academic misconduct range from a verbal reprimand to receiving zero on the assignment/essay to expulsion from the College. More specific descriptions and details are found in the Student Rights and Student Code of Conduct section of the Keyano College credit calendar. It is the responsibility of each student to be aware of the guidelines outlined in the Student Rights and Student Code of Conduct Policies.
