**Evaluation**

Weekly Assignments and labs:	40%
Tech Presentation and Reflection	5%
Participation	3%
Phil of Teaching with Tech Essay	20%
Final Exam	32%

*A grade of C- is required for progression or transfer.*

**Participation Grade**

Your participation grade includes attendance (for the entire class), punctuality, satisfactory completion of ungraded tasks including group work and breakout room tasks, positive contributions during labs and lectures, being a supportive member of your learning community, and your participation self- assessment.

**Late Penalty and Extensions**

Assignments must be submitted by the due date. If a time is not posted in moodle the cut off is 11:59 p.m. of the due date. Assignments handed in late will be graded without additional comments and will also lose 10% per day until the 4<sup>th</sup> day. On the 5<sup>th</sup> day it will be REFUSED. Technical problems will NOT exempt students from the late penalty so plan ahead accordingly. If you want an extension, ask at least two days in advance of the due date. Computer failure is rarely considered an acceptable reason for granting an extension, and a conflict of deadlines is never an acceptable reason.

**Assignments**

Assignments must be typed in 12-pt Times New Roman, double spaced, and submitted with proper APA documentation (also make sure margins correspond with APA formatting guidelines). Be sure to keep a copy of any work that you hand in. All assignments must be submitted to the appropriate drop box on Moodle. I do not accept assignments by email under any circumstances.

## Performance Requirements and Student Services

### Student Responsibilities

It is your responsibility as a student to contact the Office of the Registrar to complete the forms for Withdrawal or Change of Registration, and any other forms. Please refer to the list of important dates as noted in the Academic Schedule in the [Keyano College credit calendar](#). The Keyano College credit calendar also has information about Student Rights and Code of Conduct. It is the responsibility of each student to be aware of the guidelines outlined in the Student Rights and Code of Conduct Policies.

### Student Attendance

Class attendance is useful for two reasons. First, class attendance maximizes a student's learning experience. Second, attending class is a good way to keep informed of matters relating to the administration of the course (e.g., the timing of assignments and exams). Ultimately, you are responsible for your own learning and performance in this course.

It is the responsibility of each student to be prepared for all classes. Students who miss classes are responsible for the material covered in those classes and for ensuring that they are prepared for the next class, including the completion of any assignments and notes that may be due.

### Academic Misconduct

Students are considered to be responsible adults and should adhere to principles of intellectual integrity. Intellectual dishonesty may take many forms, such as:

- Plagiarism or the submission of another person's work as one's own;
- The use of unauthorized aids in assignments or examinations (cheating);
- Collusion or the unauthorized collaboration with others in preparing work;
- The deliberate misrepresentation of qualifications;
- The willful distortion of results or data;
- Substitution in an examination by another person;
- Handing in the same unchanged work as submitted for another assignment; and
- Breach of confidentiality.

The consequences for academic misconduct range from a verbal reprimand to expulsion from the College. More specific descriptions and details are found in the Student Rights and Code of Conduct section of the Keyano College credit calendar. It is the responsibility of each student to be aware of the guidelines outlined in the Student Rights and Code of Conduct Policies.

In order to ensure your understanding of the concept of plagiarism, you must successfully complete the online tutorial found on [ilearn.keyano.ca](http://ilearn.keyano.ca). Then print the certificate, sign it, and show it to each of your instructors. Your course work may not be graded until you show this signed certificate.
