

Welcome Academic Foundation Students

On behalf of the Dean of the School of University Studies, Career Programs and Academic Upgrading and all faculty and staff of the all faculty and staff in the school, we welcome you to Keyano College and to the Academic Foundations Program. You have made an excellent choice to continue your education with us.

This program helps students gain foundational skills in English and/or math in order to progress into further upgrading at the grade 10-12 level, to enter career or trades programs, or to improve opportunities for employment. Whatever it is that brought you to us, we're glad you are here. As you prepare for continuing your education with us, reflect upon the words of Pelé, "Success is no accident. It is hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing or learning to do."

Keyano College is committed to your success and is proud of the educational experience we provide. Our well-educated, professional faculty; small class sizes; and our commitment to meeting your needs as a student will help facilitate your success in the program. As you start your academic journey with us, we encourage you to take advantage of the many services available to you as a Keyano College student. The Academic Success Centre, Wellness Services, Accessibility Services, and the Library are just some of the resources to help you reach your full potential.

My role as program chair is to assist you with any questions you may have about your program of studies or the College community, in general. Please reach out if you would like to schedule an appointment. I look forward to meeting you and working with you.

Sincerely,

Lisa Turner
Chair, Education & Academic Upgrading
