

College Preparation

Welcome to Keyano College!

On behalf of the Dean of the School of Business, University Studies, and Academic Upgrading and all faculty and staff of the all faculty and staff in the school, we welcome you to Keyano College and to the Academic Foundations Program. You have made an excellent choice to continue your education with us. Many successful business people, health and social service professionals, educators, technologists, and journeypersons have started their career training journey here – just like you!

College and Career Preparation programming provides students many opportunities. You can advance your academic skills and abilities to enter post-secondary studies, trades, or the workplace. We are committed to your success and are proud of the educational experience we provide. As you start your studies with us, we encourage you to take advantage of the many services available to you as a Keyano College student. The Skill Centre, Wellness Services, Accessibility Services, and the Library are just some of the resources to help you reach your full potential.

One important piece of your academic journey at the college is to participate in orientation. It is the first step in discovering the services available at the college, meeting the college faculty and staff, experiencing the learning culture on campus, and receiving valuable program information to help start the year off right.

Thank you for choosing Keyano College. As you prepare for continuing your education with us, reflect upon the words of Pelé, “Success is no accident. It is hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing or learning to do.”

Sincerely,

A handwritten signature in black ink that reads "Lisa Turner".
