

# Esports Management

WELCOME!

On behalf of the Business Administration Department and its Esports Management program, we want to extend our enthusiastic welcome to you. By enrolling in our program, you have made a great choice for your future. We are looking forward to helping you achieve your academic and professional goals.

Throughout the upcoming year, you will have the opportunity to learn concepts related to business and fast-growing field of computer gaming, in addition to making many new contacts and lifelong friends. Our instructors within the Business Administration Department are committed to your success, as we take an active interest in all our students.

**Orientation Day, Tuesday August 30th, 2022** is our first opportunity to meet. It will be your chance to ask questions, as well as to interact with instructors and fellow students.

Please call if you have any questions before this time.

Join us on Facebook and stay connected throughout the year by checking your Keyano email account for updates.
