Date: June 26, 2025

Welcome to the 4th Class Power Engineering Comprehensive Program. The information provided below will assist you in attending this program which will begin on **August 27, 2025, to December 17, 2025.**

Course Registration through SelfService.Keyano.ca

Please see [Course Registration - Keyano College](#) for information on how to add your credit classes on Self-Service. Self-Service also allows you to print a copy of your schedule, fee statement, unofficial transcripts, and T2202A form. Please ensure your classes are added in self-service prior to your class start date. You will need to add **PECO 4100, PECO 4200, PECO 4300, and PECO 4400** and the 200 Hour Power Lab course **PECOM 4500**.

Tuition and related fees are due by August 13, 2025. Students are responsible to review their balances in Self Service (selfservice.keyano.ca). Statement of fees will be available once registration and fee assessment is processed. Please contact the Office of the Registrar at 780-791-4801 for further information on tuition fees and deposits.

Strongly Recommended Preparatory Math Topics for Power Engineers Hyflex course on CEPEMA100 August 20, 2025, to August 26, 2025. This course is strongly recommended for all the students registered in the 4th Class Comprehensive Program. The course will cover the math & physics knowledge and how it applies to power engineering.

Cost for this course is \$330+GST.

To Register, click [here](#) or contact the Office of the Registrar at 780-791-4801.

Orientation & First Day of Class Locations

The Power Engineering Orientation attendance is required, this is not optional. The Power Engineering Orientation will take place in Elements, E101, Clearwater Campus, Main Building on August 27, 2025, from 9:00am – 12:00pm. Orientation will be held in-person only.

Strongly Recommended not required to attend Two-day Day Keyano Orientation August 25th and August 26th starting at 9:00am, Clearwater Campus. Orientation packages, campus tour and list of programs and amenities available at Keyano College will be explained as well as an orientation lunch will be provided. You should receive an email regarding the Two-day Keyano Orientation. There will also be signage throughout the college.

Class Date & Time

This is a full-time program starting August 27, 2025. Classes are scheduled from 9:00 a.m. to 4:00 p.m. Monday to Friday.

Classes will be held in the Syncrude Sport and Wellness Centre, second floor, room 2323. **First day of class on August 27th please go to the Power Engineering Orientation at 9:00am.**

Moodle/iLearn

Moodle, Keyano's Learning Management system, contains course content such as videos, quizzes, and assignments that you can access anywhere and anytime. Login to Keyano's iLearn site at Keyano College iLearn using your Keyano email address and password. The courses will be available on iLearn by the course start date.

Course Registration through SelfService.Keyano.ca

Please see Course Registration - Keyano College for information on how to register for your classes on Self-Service. Self-Service also allows you to print a copy of your schedule, fee statement, unofficial transcripts, and T2202A form.

Health & Dental

Keyano College has a Health and Dental policy that is mandatory for all students. If you already have coverage, you may opt out online at Health and Dental Benefits - Keyano College Last day to opt out is September 10, 2025.

Parking

Parking at Keyano College is available at several lots around the Clearwater Campus and at the Suncor Energy Industrial Campus. General parking is \$3 per day.

Methods of Payment

1. Using [HONK \(honkmobile.com\)](https://honkmobile.com)
2. By purchasing a parking pass for the year/semester/month/week.

HONK (honkmobile.com) offers a convenient payment option for students and visitors. Download the [HONK \(honkmobile.com\)](https://honkmobile.com) app for iPhone or Android. After creating an account with HonkMobile, search Keyano College, identify your zone, the length of time you wish to stay, and pay via credit card. You'll also receive notifications prior to your time expiring, so you can add more whether you're still in class, at a meeting, or just visiting with friends.

Parking Apps

Download the HonkMobile app from the App Store.

Download the app from GooglePlay.

Note: a convenience fee from HonkMobile applies.

Scholarships & Awards

You may be eligible to apply for scholarships and awards. Information is available online at [Scholarships and Bursaries - Keyano College](#)

We are very pleased to have you in our program. If you require any further information, please contact the Power Engineering Department at 780-791-4955.

Sincerely,
Indika Arachchi, PhD
Chair, Power Engineering
