

Dear Student:

We would like to take this opportunity to welcome you to the Social Work Diploma program at Keyano College.

Choosing to complete a Social Work Diploma at Keyano College is an important decision. You will find that our highly qualified instructors and small classes allow for a rich learning experience. In addition, our supportive working relationship with local Human Service Agencies, make the educational journey at Keyano College rewarding for our students. We believe that our program offers a warm, supportive environment in which to learn, grow and share in the excitement of personal and professional development.

Our Mission:

To represent and strengthen the Social Work profession in the Regional Municipality of Wood Buffalo, which includes the surrounding Indigenous Communities by providing graduates who will have the capacity to serve the region and, in that service, become agents of positive social change.

As the Chair and Dean of the Social Work Diploma program, we have an open-door policy when it comes to our students. Please stop by and say hello. If you have any questions about our program, please do not hesitate to contact us.

The first step in discovering your Social Work role at the college, is meeting the college faculty and staff, and experiencing the learning culture on campus, and **receiving valuable program and practicum information.**

Thank you for choosing to further your education in the Social Work Diploma program at Keyano College.

Sincerely,

Alexis Laird
