**GRADUATED: CLASS OF 2022**  
**BUSINESS ADMINISTRATION DIPLOMA**

## **TELL ME A BIT ABOUT YOURSELF?**

My name is Jenscen, but people call me Jens. I'm originally from the Philippines and I moved to Canada in 2020 to attend Keyano College. I'm the mother of three wonderful children and a wife as well. Before moving to Canada, I worked for 10 years in accounting but my education and credentials didn't translate to Canada, so I had to start my educational journey from the beginning again.

## **WHAT MADE YOU DECIDE TO CHOOSE KEYANO COLLEGE OUT OF ALL THE POST-SECONDARY SCHOOLS IN CANADA?**

When I took the virtual tour of the campus, it felt like home. I knew there were a lot of international students who attended Keyano and when I spoke with students from Keyano, they told me that there was very little discrimination because the student population was very diverse. This made me feel that Keyano was the perfect choice for post-secondary because I knew I'd be supported by my fellow classmates.

## **TELL ME ABOUT LIFE AFTER GRADUATION AND YOUR JOURNEY TO GET WHERE YOU ARE TODAY?**

In 2021, when I completed my first year of studies, I applied to a summer student position at Diversified that was promoted to all Keyano business students. I was selected out of 12 other Keyano applicants and hired to become a finance coordinator at Diversified. This role as a summer student led to a part-time position while I was attending my second year of schooling at Keyano and this led to a full-time position upon graduation. Now, I have worked my way up the corporate ladder and have since been promoted to senior billing coordinator. I love working at Diversified because the managers and VP are really good at showing their appreciation towards their employees. We always have fun at work even if it is really busy.

## **WHAT ADVICE WOULD YOU GIVE TO KEYANO STUDENTS AND ALUMNI?**

If you have goals, put your heart and mind into it. Be sure to stay humble and not to step on others while achieving them, and your hard work will pay off. Don't be afraid if you're unsure of how to do something. If you view it as a challenge, have a positive attitude, and ask for help, there's nothing you can't achieve.
