## Practical Nurse Diploma

**Multi-Part Courses** are indicated with a red + on the program of study table. If your course includes a lecture, laboratory, tutorial, clinical, or practicum, please register for ALL required parts, and choose matching section codes.

For example:

- CHEM101 lecture A, laboratory X, **and** tutorial V
- CHEM101 lecture B, laboratory Y, **and** tutorial V2

The number of credits required to reach Full Time status can vary based on the total number of credits in the year of study of your program.

- Students can only be Part Time in Spring in most programs.

Note that you must successfully complete ALL Year 1 courses (including English) before you can take any Year 2 courses.

**Graduation Requirements:** Students with a passing grade in each course, who successfully complete the program of study and obtain an overall program Grade Point Average (GPA) of 1.7 or better shall be issued a credential. **Too many grades of D may impact your eligibility to graduate.**

**You may reduce your course load and do fewer courses per term, but it will take you longer than four terms to graduate and you will incur additional costs.**

**Repeating Courses:** Please review the [repeating courses policy](#), as there is a limit to the number of times you can repeat courses.
