

KEYANO COLLEGE LIBRARY

STRATEGIC DIRECTIONS 2025-2028

Keyano College Library's Strategic Directions framework sets out the priorities and commitments that will guide our work over the coming years. It reflects the Library's shared vision and values, providing a blueprint for how we will continue to serve students, faculty, and our broader community.

This framework is the result of thoughtful collaboration across our library team, with feedback gathered from faculty and students outside the library. It captures both who we are and where we aspire to go, ensuring that our efforts remain centered on the needs of our users and aligned with the Keyano College Strategic Plan and the Academic Plan.

STRATEGIC DIRECTIONS

The Library's work will focus on the following pillars to move towards our vision, using our values and commitments to guide us.

Pillar 1 – Access & Equity

- Meet our users at their point of need by providing inclusive and accessible resources, services, and spaces
- Advance equity, diversity, inclusion, belonging, and Reconciliation through our collections, programs, and supports, including growth of Open Educational Resources (OER)

Pillar 2 – Teaching & Learning Innovation

- Support discovery and learning by fostering opportunities for our college community to build skills for study, work, and life
- Expand access to tools and guides, both online and in-person, that anyone can use anytime, anywhere

Pillar 3 – Sustainability & Impact

- Cultivate deeper connections with our diverse college community through outreach, programming, and collaboration
- Develop evidence-based practices and sustainable service models that enhance teaching, learning, and research experiences now and into the future

Pillar 4 – Research & Scholarship

- Grow faculty and student research capacity through library support and resources for primary and secondary research, data management, and scholarly communications
- Invest in collections and technologies that enhance research and scholarship

VISION

Empowering the Keyano community through critical thinking, discovery, and lifelong learning.

MISSION

Discover. Create. Learn.

Keyano College Library is integral to the teaching, learning, and research experience on campus. We provide resources, technology, and support for discovery, creation, and lifelong learning. Our physical and virtual spaces, services, and instruction encourage the Keyano community to think critically, seek diverse perspectives, and realize their potential.

COMMITMENTS

Rooted in our user-centered approach, Keyano College Library seeks to understand and support our diverse community. We are committed to providing inclusive, compassionate, and respectful spaces, services, and resources.

We acknowledge the ongoing exclusion of voices, perspectives, experiences, and knowledge in libraries. We are dedicated to embracing diversity; promoting equity, inclusion, and belonging; and striving toward Reconciliation in our work.

KEYANO COLLEGE LIBRARY VALUES

Our values shape how we work, connect with our community, and support one another.

EXCELLENCE

We provide outstanding library services through expertise, integrity, and professionalism.

BELONGING

We cultivate a safe and inclusive environment where everyone is welcome.

CURIOSITY

We encourage open inquiry and uphold the freedom to explore ideas.

ACCESSIBILITY

We remove barriers and expand access to information, resources, and services.

COLLABORATION

We work together and communicate openly to achieve shared goals.

USER FOCUS

We centre our work on the needs and experiences of our users.
