## Select Payment Option

### Accept and Pay via Credit Card

Choose this option if you want to pay via Visa or MasterCard. Please note some Visa Debit or MasterCard Debit, and international credit cards may not be accepted. Students who pay through this method typically receive their Letter of Acceptance within 24 hours. Please note an additional Letter (Letter of Acceptance for IRCC) will be provided to International Students within 2-3 business days. If your international credit card doesn't work, use the "TransferMate" option instead.

### Pay via TransferMate

Keyano College has partnered with TransferMate to provide our international students with a payment portal that saves on bank fees and exchange rates while providing 24 HR customer service and online tracking of your payment. The system allows international students to make payments using their local banks for bank transfers or credit cards, with competitive exchange rates. Select your country of origin and preferred payment method, and follow the steps to make your payment. Once your payment is complete at TransferMate, return to this portal and provide the reference/confirmation number to accept the offer. The actual transfer of funds can take 3-4 business days (longer depending on international banking policies and controls in your local country).

### Pay via Bank Transfer

This option is only available for individuals with a Canadian bank account. Register Keyano College as a payee from your bank's website to make online bill payments. Select "Add Payee" and enter "Keyano College - Tuition Fee" to pay for tuition. Please allow for three to four business days for bank processing. Once you have completed this step, you must provide a reference/confirmation number on the next page.
